

**(insert school name) SCHOOL  
PEDOMETER LOAN AGREEMENT**

Dear Parent / Carer

Our school is currently using pedometers as part of our physical education program.

Pedometers are a small electronic device worn on the waistband that measure the number of steps a person takes. They are a fun way to see how active you are and for setting goals to include healthy amounts of activity in your day.

As part of our program your child can borrow a pedometer to take home for the whole family to use for up to 2 weeks.

If you would like to take advantage of this opportunity we ask that the following agreement be completed, signed (indicating you agree with the terms) and returned to your child's teacher.

We appreciate your support of our physical education program.

Sincerely,  
Mr Smith
